

# Breast Health Navigator Manual

 EduCare  
your cancer education partner

## **SECTION 01: NAVIGATOR ROLE**

❑ The Front Line Challenge of the Breast Health Navigator.....	13
❑ Overview of Breast Health Navigator Role.....	14
❑ Navigator's Role in Accreditation .....	18
❑ Breast Health Navigation Process: EduCare Clinical Guidelines.....	19
❑ Patients' Adaptive Tasks Change Throughout the Continuum of Care .....	21

## **SUPPLEMENTAL INFORMATION**

❑ Breast Health Navigator: A Paradigm Shift in Breast Health Care.....	24
❑ Lexington Medical Center Case Study.....	32
❑ EduCare Breast Cancer Navigator Clinical Guidelines.....	37
❑ National Accreditation Program for Breast Centers (NAPBC) Breast Center Accreditation Standards .....	40
❑ Nursing-Sensitive Patient Outcomes (NSPOs) Across the Breast Care Continuum.....	43

## **SECTION 02: HISTORICAL OVERVIEW**

❑ Historical Overview of the Breasts .....	46
--	----

## **SECTION 03: STATISTICS AND RISK FACTORS**

❑ Breast Cancer Statistics and Risk Factors.....	57
❑ Breast Cancer Survival Statistics .....	59
❑ Breast Cancer Risk Factors: What Do We Tell Our Patients?.....	61
❑ Breast Cancer Risk Factors .....	64
❑ Prevention of Breast Cancer .....	71

## **SUPPLEMENTAL INFORMATION**

❑ CDPH Algorithm 1: Assessment of Risk .....	73
❑ CDPH Algorithm 1: Risk Assessment Table .....	74
❑ Quiz: What Do You Know About Breast Cancer?.....	75

## **SECTION 04: ANATOMY AND PHYSIOLOGY**

<span style="color: pink;">█</span> Anatomy and Physiology of the Female Breast .....	78
<span style="color: pink;">█</span> Internal Structures of the Female Breasts.....	80
<span style="color: pink;">█</span> Internal Structures of the Male Breasts .....	82
<span style="color: pink;">█</span> Life Cycle of Breast Development .....	83
<span style="color: pink;">█</span> Why Women Are Confused About Breast Exam.....	85
<span style="color: pink;">█</span> Breast Lymphatics.....	86

## **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> Internal Structure of the Female Breast.....	89
<span style="color: pink;">█</span> Internal Structure of the Male Breast .....	90
<span style="color: pink;">█</span> Lymphatic Drainage.....	91
<span style="color: pink;">█</span> Blood Supply .....	92

## **SECTION 05: BENIGN BREAST CONDITIONS**

<span style="color: pink;">█</span> Benign Breast Conditions and Diseases .....	95
<span style="color: pink;">█</span> Normal Breast Conditions & Breast Related Findings .....	97
<span style="color: pink;">█</span> Abnormal Breast Development Conditions .....	98
» Accessory Breast Tissue .....	98
» Other Breast Abnormalities.....	99
<span style="color: pink;">█</span> Abnormal Breast Skin Infections and Lesions .....	100
» Fibrocystic Breasts .....	101
» Breast Cysts .....	102
» Galactocele .....	104
» Hematoma .....	104
» Fibroadenoma.....	105
» Sclerosing Adenosis.....	106
<span style="color: pink;">█</span> Inflammatory Conditions.....	107
» Mastitis.....	107
» Breast Abscess: .....	107
» Fat Necrosis .....	108
» Duct Ectasia .....	109
» Mondor's Disease .....	110

	Benign Tumors.....	112
»	Papilloma .....	112
»	Lipomas.....	112
»	Diabetic Mastopathy .....	112
	Intermediate Tumors .....	113
»	Phyllodes Tumor.....	113
»	Atypical Hyperplasia .....	113
»	Radial Scars .....	114
»	Nipple and Areola Lesions.....	114
	Benign Diseases Increase In Risk for Breast Cancer .....	115

## **SUPPLEMENTAL INFORMATION**

	Benign Breast Disorders: Frequency of Occurrence .....	117
	CDPH Algorithm 5: Breast Skin Changes / Nipple Retraction.....	118

## **SECTION 06: DIAGNOSIS OF BREAST DISEASE**

	Diagnostic Evaluation for Breast Diseases.....	121
	Clinical Breast Exams and Breast Self Exams .....	122
	Mammography.....	124
»	Mammography Markers.....	126
	Digital Mammography.....	127
	3-D Mammography.....	129
	CAD: Computer Aided Detection.....	130
	BI-RADS = Breast Imaging-Reporting and Data System .....	130
	What Navigators Need to Know about Mammography Results.....	133
	Breast MRI.....	136
	Other Imaging Modalities .....	139
	Breast Biopsy Procedures .....	142
»	Fine Needle Aspiration (FNA) .....	143
»	Punch Biopsy .....	143
»	Core Needle Biopsy Procedures .....	143
»	Vacuum-Assisted Biopsy Procedures .....	144

» Ultrasound Guided Core Biopsy .....	144
» Stereotactic Biopsy Procedures .....	145
» Microclip Placement After Biopsy .....	146
<b>Locating Tumor Before Surgery .....</b>	<b>148</b>
<b>Surgical Biopsy .....</b>	<b>149</b>
<b>The Challenge of Clinical Improvement in the Management of Breast Diseases .....</b>	<b>150</b>
» Tips for Implementing Patient-Focused Diagnostic Care .....	150
» Primary Care Inclusion.....	151
» Closing Gaps in Care Causing Out Migration .....	151
» The Secret to Reducing Diagnostic Turn Around .....	152

## **SUPPLEMENTAL INFORMATION**

<b>CDPH: Breast Cancer History and Risk Assessment.....</b>	<b>154</b>
<b>ICSI Algorithm I: Evaluation of Breast Mass.....</b>	<b>156</b>
<b>CDPH Algorithm 2: New Palpable Mass .....</b>	<b>157</b>
<b>CDPH Algorithm 3: Abnormal Screening Mammogram with Normal CBE.....</b>	<b>158</b>
<b>ICSI Algorithm V: Image-Directed Core Needle Biopsy .....</b>	<b>159</b>
<b>Sample Physician Request: Standing Orders .....</b>	<b>160</b>
<b>Sample Prescription Pad: Breast Diagnostics .....</b>	<b>161</b>
<b>Glossary of Mammography Statistical Terms .....</b>	<b>162</b>
<b>NMD Short Form for Minimal Data Collection version 3.1 .....</b>	<b>164</b>
<b>Breast Imaging Reporting and Data System™ (BI-RADS™) .....</b>	<b>167</b>
<b>Biopsy Types .....</b>	<b>169</b>
<b>Biopsy Risks .....</b>	<b>170</b>
<b>American College of Radiology Definitions of Masses .....</b>	<b>171</b>
<b>Standing Orders for Patients Recommended to Have a Breast Biopsy .....</b>	<b>176</b>
<b>CDPH Algorithm 7: Breast Biopsy .....</b>	<b>177</b>
<b>BI-RADS™ Pathology Codes Abbreviations.....</b>	<b>178</b>
<b>Clinical Breast Exams .....</b>	<b>180</b>
<b>CDPH: CBE Results Documentation Form.....</b>	<b>193</b>

<span style="color: pink;">█</span> CDPH: Core Competencies of Clinical Breast Examination .....	194
<span style="color: pink;">█</span> Measuring Productivity.....	195
<span style="color: pink;">█</span> Anticipatory Scheduling for Mammography .....	197
<span style="color: pink;">█</span> Consensus Guideline on Diagnostic and Screening Magnetic Resonance Imaging of the Breast (ASBrS) .....	198

## **SECTION 07: BREAST PAIN**

<span style="color: pink;">█</span> Solving the Mystery of Breast Pain.....	209
» Breast Pain.....	209
<span style="color: pink;">█</span> Cyclic Pain.....	210
» The Drug Connection .....	211
» Cyclic Pain Management.....	214
» Physiological Conditions Promoting Breast Pain.....	215
» Prescription Medications to Treat Breast Pain.....	215
<span style="color: pink;">█</span> Noncyclic Pain.....	216
» Benign Breast Conditions: Noncyclic Pain.....	216
» Chest Wall Conditions That May Cause Noncyclic Pain.....	217
» Musculoskeletal Conditions .....	218
<span style="color: pink;">█</span> Cancer and Breast Pain .....	220
<span style="color: pink;">█</span> Keeping a Calendar Record of Pain: .....	222

## **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> Types and Descriptions of Breast Pain .....	224
<span style="color: pink;">█</span> Comparison of Cyclic, Noncyclic, Musculoskeletal and Chest Wall Pain.....	225
<span style="color: pink;">█</span> Breast Pain Treatments .....	226
<span style="color: pink;">█</span> Benign Conditions Causing Breast Pain.....	227
<span style="color: pink;">█</span> Conditions Mistaken for Noncyclic Breast Pain .....	228
<span style="color: pink;">█</span> CDHS Algorithm 6: Breast Pain in a Non-Lactating Woman.....	230
<span style="color: pink;">█</span> Identifying Drugs That May Cause Breast Pain.....	231
<span style="color: pink;">█</span> CDHS Algorithm 6: Breast Pain in a Non-Lactating Woman.....	233

## **SECTION 08: BREAST DISCHARGE**

<span style="color: pink;">█</span> Breast Discharge.....	236
<span style="color: pink;">█</span> Physiological Discharge: A Normal Discharge .....	238
<span style="color: pink;">█</span> Pharmacological Discharge .....	239
<span style="color: pink;">█</span> Pathological Discharge: Benign and Cancerous Causes .....	240
» Benign Breast Disease Discharge.....	240
» Cancerous Diseases Producing Discharge.....	240
<span style="color: pink;">█</span> Diseases That May Produce Discharge as a Side Effect .....	242
<span style="color: pink;">█</span> Ductography.....	243
<span style="color: pink;">█</span> Breast Discharge History and Assessment .....	246

### **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> ICSI Algorithm II: Evaluation of the Breast for Nipple Discharge .....	249
<span style="color: pink;">█</span> CDPH Algorithm 4: Spontaneous Unilateral Nipple Discharge (Non-Lactating) ..	250
<span style="color: pink;">█</span> Breast Discharge Color Evaluation .....	251
<span style="color: pink;">█</span> Identifying Drugs That May Cause Breast Discharge.....	252

## **SECTION 09: MALE BREAST DISEASE**

<span style="color: pink;">█</span> The Challenge of Identifying Male Breast Disease .....	255
<span style="color: pink;">█</span> Gynecomastia.....	256
<span style="color: pink;">█</span> What About Male Breast Cancer?.....	260
» Treatment for Male Breast Cancer.....	262

### **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> Gynecomastia Evaluation .....	265
<span style="color: pink;">█</span> Treatment of Male Gynecomastia.....	266
<span style="color: pink;">█</span> Gynecomastia Promoting Drugs .....	267
<span style="color: pink;">█</span> Treatment Options for Male Breast Cancer NCI Professional Summary .....	268

## **SECTION 10: HORMONES AND BREAST DISEASE**

<span style="color: pink;">█</span> Hormones and Breast Disease.....	271
<span style="color: pink;">█</span> Understanding Hormones .....	272
<span style="color: pink;">█</span> The Hormonal Dance of Estradiol and Progesterone .....	274
<span style="color: pink;">█</span> Hormone Therapy .....	275
<span style="color: pink;">█</span> Peri-Menopause .....	276
<span style="color: pink;">█</span> Menopause.....	277
<span style="color: pink;">█</span> Potential Benefits .....	278
<span style="color: pink;">█</span> Will Hormone Therapy Cause Me to Have Breast Cancer?.....	280
<span style="color: pink;">█</span> What Do Estrogens Do? .....	281
<span style="color: pink;">█</span> What Navigators Need to Understand About Clinical Studies.....	282
<span style="color: pink;">█</span> Is Estrogen Replacement an Option After Breast Cancer?.....	287

## **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> Hormone Therapy Dictionary of Terms .....	292
<span style="color: pink;">█</span> Menopausal Symptoms Comparison Chart .....	293
<span style="color: pink;">█</span> Symptoms of Major Hormones Excess or Deficiency .....	294
<span style="color: pink;">█</span> Menopausal Symptoms Treatment .....	295
<span style="color: pink;">█</span> Menopause Symptom Management.....	297
<span style="color: pink;">█</span> ICSI Appendix A: Hormone Preparations .....	302
<span style="color: pink;">█</span> ICSI Appendix C: Provider Handout: HT Studies and Absolute and Relative Risks .....	306
<span style="color: pink;">█</span> Hormone Therapy Revisited: Data from the Population, Treatment for Patient .....	309
<span style="color: pink;">█</span> Estrogen Replacement Therapy in Breast Cancer Survivors: A Matched-Controlled Series .....	311
<span style="color: pink;">█</span> Summary of Eight Studies of Estrogen Replacement Therapy After Breast Cancer .....	312
<span style="color: pink;">█</span> Explaining Hormone Therapy Risk .....	313
<span style="color: pink;">█</span> Changing Concepts: Menopausal Hormone Therapy and Breast Cancer.....	314

ribbon icon	Changing Concepts Regarding Hormone Therapy and Breast Cancer .....	325
ribbon icon	Benefits and Risks of MHT in Women Recently Menopausal (i.e. ages 50-59 or <10 year postmenopausal) .....	326

## **SECTION 11: UNDERSTANDING BREAST CANCER**

ribbon icon	What Is Breast Cancer?.....	329
ribbon icon	What Causes Breast Cancer? .....	332
ribbon icon	Breast Cancer Types .....	333
»	Helping Patients Understand Types of Cancer .....	335
ribbon icon	Ductal Carcinoma In Situ (DCIS) Management .....	337
»	Scoring DCIS Characteristics for Treatment Decisions.....	338
ribbon icon	Invasive (Infiltrating) Ductal Carcinoma .....	341
ribbon icon	Lobular Carcinoma In Situ .....	342
ribbon icon	Infiltrating Lobular Carcinoma.....	343
ribbon icon	Paget Disease.....	344
ribbon icon	Mucinous Carcinoma.....	345
ribbon icon	Papillary Carcinoma.....	346
ribbon icon	Medullary Carcinoma .....	347
ribbon icon	Tubular Carcinoma .....	348
ribbon icon	Inflammatory Carcinoma.....	349
ribbon icon	Metastatic Cancer Found in the Breast .....	351
ribbon icon	Pathology Reports: What Navigators Need to Understand .....	352
ribbon icon	Pathology Tumor Studies.....	356
ribbon icon	Vascular and Lymphatic Invasion.....	358
ribbon icon	Understanding Metastatic Spread of Breast Cancer .....	360
ribbon icon	Final Staging: Stage 0 to Stage IV.....	361
ribbon icon	Pathology Reports Reveal Unique Characteristics of a Patient's Breast Cancer ..	364

## **SUPPLEMENTAL INFORMATION**

ribbon icon	How Breast Cancer Is Staged.....	366
ribbon icon	Molecular Subtypes of Breast Cancer .....	372

## **SECTION 12: NAVIGATOR AS COACH**

❑ Navigator as Coach .....	375
❑ Cancer Diagnosis .....	376
❑ Developing a Relationship of Trust and Connection.....	379
❑ Assessing Patient Treatment Barriers .....	386
❑ Developing Navigator Communication Skills.....	389
❑ The Coping Assessment .....	393
❑ Nurse Navigator Patient Interview Tips.....	395
❑ How Do Navigators Avoid Burnout?.....	396

## **SUPPLEMENTAL INFORMATION**

❑ Navigator's Pathway: Patient Navigation.....	399
❑ Nurse Navigator Patient Interview Tips.....	403
❑ Breast Health Navigator: Patient Assessment.....	404
❑ Patient Treatment Barriers Assessment .....	407
❑ Decision-Making and Support Styles Assessment.....	410
❑ Therapeutic Communication Guidelines .....	412
❑ Patient Coping Strategies During Breast Cancer.....	413
❑ Key Cultural Values and How They Affect Care .....	414
❑ Comparing Cultural Norms and Values .....	415
❑ Suggestions for Healthcare Professionals Regarding Cross-Cultural Communication .....	416
❑ Patient Navigation Acuity Scale .....	417
❑ The Stress Response: Fight or Flight.....	418

## **SECTION 13: SURGICAL DECISIONS**

❑ Surgical Decisions .....	421
❑ Helping Patients Understand Surgical Decisions .....	422
❑ Preparing Patients for the Surgical Experience.....	424

	Surgical Options .....	427
»	Breast Conservation .....	427
»	Sentinel Node Biopsy.....	429
»	Mastectomy.....	430
»	Skin-Sparing Mastectomy .....	430
»	Prophylactic Mastectomy .....	432
»	Outpatient Breast Surgery .....	432
»	Nipple-Sparing Mastectomy .....	432
»	Oncoplastic Surgery .....	433
»	Decisional Tool Aids .....	433
	Post Operative Nursing Care .....	435
	Post Surgical Complications .....	436
	Uncommon Post-Surgical Problems.....	438
	Discharge Instructions .....	439

## **SUPPLEMENTAL INFORMATION**

	Second Opinions .....	441
	Surgical Decision Evaluation .....	444
	Drain Bag Instructions .....	448
	Mastectomy Discharge Instructions.....	449
	Lumpectomy Discharge Instructions .....	451

## **SECTION 14: BREAST RECONSTRUCTION**

	Breast Augmentation .....	455
	Implant Surgical Techniques .....	457
	Breast Implant Risks .....	458
	Breast Implants Recalled Because of Cancer Link.....	461
	Imaging the Augmented Breast.....	462
	Breast Reduction.....	463
	Breast Mastopexy.....	464
	Breast Cancer Reconstruction .....	465

<b>Reconstruction Types .....</b>	<b>467</b>
» Autologous (Own Body Tissue) Reconstruction .....	468
» Autologous Reconstruction – Perforator Flaps .....	469
» TRAM Flap (Transverse Rectus Abdominis Myocutaneous) .....	469
» Epigastric Perforator Procedures .....	470
» Latissimus Dorsi Myocutaneous Flap .....	471
» TAP (Thoracodorsal Artery Perforator) .....	472
» Free Flap Reconstruction Procedures .....	472
» S-GAP (Superior Gluteal Artery Perforator) I-GAP (Inferior Gluteal Artery Perforator) .....	472
» TUG (Transverse Upper Gracilis) .....	473
» PAP (Profunda Artery Perforator) .....	473
» Nipple and Areola Reconstruction .....	474
<b>Oncoplastic Breast Cancer Surgery with Reduction.....</b>	<b>475</b>
<b>Radiation Therapy to Reconstructed Breast.....</b>	<b>476</b>
<b>Necrosis of Breast Tissue .....</b>	<b>477</b>
<b>Patient Reconstruction Education.....</b>	<b>478</b>
<b>What's New? Breast Cell Grafts .....</b>	<b>479</b>

## **SUPPLEMENTAL INFORMATION**

<b>Comparison of Breast Reconstruction Procedures.....</b>	<b>481</b>
<b>Comparison of Breast Reconstruction Procedures.....</b>	<b>482</b>
<b>Breast Reconstruction Timeline Estimates.....</b>	<b>483</b>
<b>Breast Implants .....</b>	<b>484</b>
<b>DIEP (Deep Inferior Epigastric Perforator) Breast Reconstruction .....</b>	<b>487</b>
<b>IGAP (Inferior Gluteal Artery Perforator) Breast Reconstruction .....</b>	<b>490</b>
<b>Latissimus Dorsi (LD) Breast Reconstruction .....</b>	<b>493</b>
<b>Nipple and Areola Reconstruction .....</b>	<b>496</b>
<b>PAP (Profunda Artery Perforator) Breast Reconstruction.....</b>	<b>498</b>
<b>Reconstruction Flap Types .....</b>	<b>501</b>
<b>SGAP (Superior Gluteal Artery Perforator) Breast Reconstruction .....</b>	<b>503</b>
<b>TAP (Thoracodorsal Artery Perforator) Breast Reconstruction.....</b>	<b>506</b>

<span style="color: pink;">█</span> TRAM Free Flap Breast Reconstruction .....	508
<span style="color: pink;">█</span> TRAM Muscle-Sparing Free Flap Breast Reconstruction .....	511
<span style="color: pink;">█</span> TRAM Pedicle Flap Breast Reconstruction .....	514
<span style="color: pink;">█</span> TUG (Transverse Upper Gracilis) Breast Reconstruction.....	517
<span style="color: pink;">█</span> Breast Implant Types.....	520
<span style="color: pink;">█</span> Additional Breast Reconstruction Resources .....	521

## **SECTION 15: BREAST CANCER TREATMENT**

<span style="color: pink;">█</span> Breast Cancer Treatments .....	524
<span style="color: pink;">█</span> Factors That Determine Treatment Selection .....	526
» Stage of Cancer: Stage 0 to IV.....	526
» Understanding T (Tumor) .....	529
» Understanding N (Node).....	530
» Understanding M (Metastasis).....	530
<span style="color: pink;">█</span> Understanding NCCN Treatment Guidelines for Breast Cancer.....	531
<span style="color: pink;">█</span> Treatment Options .....	532
<span style="color: pink;">█</span> Surgery and Radiation Therapy for Breast Cancer .....	533
» Stage 0 – Guidelines for Breast Cancer .....	534
» Stage 1, 2, Some 3s – Guidelines for Breast Cancer.....	534
» Stage 4 – Guidelines for Breast Cancer .....	535
<span style="color: pink;">█</span> Recurrent Breast Cancer Guidelines .....	536
<span style="color: pink;">█</span> Chemotherapy .....	538
<span style="color: pink;">█</span> Biological Response Modifiers – Targeted Therapy.....	540
<span style="color: pink;">█</span> Gene Diagnostic Testing: Individualized Tumor Profiles .....	541
<span style="color: pink;">█</span> Hormonal Therapy.....	543
<span style="color: pink;">█</span> New Drugs, Tests and Therapies.....	544
<span style="color: pink;">█</span> Understanding Radiation Therapy .....	546
<span style="color: pink;">█</span> Monitoring Treatment Effectiveness During Treatment .....	548
<span style="color: pink;">█</span> Surveillance after Breast Cancer.....	549
<span style="color: pink;">█</span> Complementary and Alternative Therapies.....	550
<span style="color: pink;">█</span> Staying Up-To-Date: Breast Cancer Updates .....	552

## **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> Estrogen and Progesterone Receptor Status.....	554
<span style="color: pink;">█</span> Hormonal Therapy Classes .....	556
<span style="color: pink;">█</span> Five Year Relative Survival Rates .....	557
<span style="color: pink;">█</span> TNM Staging of Breast Cancer.....	558
<span style="color: pink;">█</span> Oncotype DX® .....	559
<span style="color: pink;">█</span> Chemotherapy: Patient Infusion Tips .....	561
<span style="color: pink;">█</span> Chemotherapy Drugs: Generic and Brand Names .....	563
<span style="color: pink;">█</span> Understanding Nadir from Chemotherapy .....	564
<span style="color: pink;">█</span> Chemotherapy Drugs for Invasive Breast Cancer .....	566
<span style="color: pink;">█</span> Nausea and Vomiting Management .....	568
<span style="color: pink;">█</span> Radiation Therapy Complications in Conservatively Treated Patients .....	572
<span style="color: pink;">█</span> Telephone Assessment After Chemotherapy .....	573
<span style="color: pink;">█</span> ASCO Recommended Breast Cancer Follow-Up .....	574
<span style="color: pink;">█</span> Breast Cancer Follow-Up and Management in the Adjuvant Setting: Patient Flow Sheet .....	576
<span style="color: pink;">█</span> ASCO Treatment Algorithm for Bone Health in Patients with History of Breast Disease.....	577
<span style="color: pink;">█</span> Additional Breast Cancer Treatment Resources .....	578

## **SECTION 16: PREGNANCY AND BREAST CANCER**

<span style="color: pink;">█</span> Pregnancy and Breast Cancer .....	581
<span style="color: pink;">█</span> Imaging During Pregnancy .....	582
<span style="color: pink;">█</span> Biopsy Procedures.....	583
<span style="color: pink;">█</span> Positive Breast Cancer Diagnosis Staging.....	584
<span style="color: pink;">█</span> Treatment Decisions .....	585
» First Trimester .....	585
» 2nd Trimester / Early 3rd Trimester .....	585
» Late 3rd Trimester .....	586
<span style="color: pink;">█</span> Understanding Surgical Guidelines.....	587

ribbon icon	Understanding Chemotherapy Risk and Out-Comes.....	588
ribbon icon	Treatment Guidelines During Pregnancy .....	589
ribbon icon	Pregnancy After Breast Cancer.....	591

## SUPPLEMENTAL INFORMATION

ribbon icon	Pregnancy & Breast Cancer Resources .....	593

 Recognizing Radiation Induced Angiosarcoma .....	623
 Navigator Recurrent Guidelines .....	624

## SUPPLEMENTAL INFORMATION

 Recurrent Breast Cancer Research: EduCare, 1999 .....	626
---	-----

## SECTION 19: SEXUALITY AFTER BREAST CANCER

 Sexuality after Breast Cancer.....	634
 Sexuality Education .....	637
 Patient's Views of Sexual Education .....	639
 Identifying Patient Barriers to Sexual Functioning .....	640
 Patient Sexuality Discussion .....	641
 Identifying Causes of Sexual Problems .....	643
 Preparing Patients for Impact of Chemotherapy .....	644
 When Systemic Estrogen Therapy Is Not an Option.....	648
» Vaginal Dryness .....	648
» Painful Intercourse .....	649
» Urinary Tract .....	649
» Vascular System .....	649
» Brain/Nervous System .....	651
» Depression .....	651
» Sexual Changes .....	653
» Skeletal Changes .....	653
» Heart Disease .....	654
» Other Factors Contributing to Sexual Functioning.....	654
 Understanding the Female Sexual Response Cycle .....	656
» Stage 1: Desire.....	656
» Stage 2: Excitement.....	657
» Stage 3: Orgasm.....	658
» Stage 4: Resolution .....	658
 What's New? .....	660
 Single Women and Sexuality.....	661
 Navigator Support.....	663

## **SUPPLEMENTAL INFORMATION**

<span style="color: pink;">█</span> Menopausal Side Effects from Chemotherapy .....	665
<span style="color: pink;">█</span> STAR Trial Non-Hormonal Hot Flash Management .....	668
<span style="color: pink;">█</span> Government-Approved Postmenopausal Osteoporosis Drugs in the US and Canada .....	669
<span style="color: pink;">█</span> Non-Hormonal/Non-Pharmacologic Interventions to Give Patients Back Their Sex Life .....	670
<span style="color: pink;">█</span> FSFI: Female Sexual Function Index .....	672
<span style="color: pink;">█</span> FSI: Female Sexual Function Index Scoring .....	675
<span style="color: pink;">█</span> Treating Vaginal Atrophy .....	678
<span style="color: pink;">█</span> Interventions Tested for Vaginal Dryness and/or Loss of Libido .....	680
<span style="color: pink;">█</span> Additional Sexuality After Cancer Resources.....	681

## **SECTION 20: HEREDITARY BREAST CANCER**

<span style="color: pink;">█</span> Understanding Hereditary Breast Cancer .....	684
<span style="color: pink;">█</span> 3 Genetic Categories of Breast Cancer .....	686
<span style="color: pink;">█</span> Role of Genes in Hereditary Breast Cancer Development.....	688
<span style="color: pink;">█</span> Understanding Hereditary Transfer of Mutated Genes in Family.....	689
<span style="color: pink;">█</span> How Common are BRCA Gene Mutations?.....	690
<span style="color: pink;">█</span> Positive BRCA Carrier: Difference in Personal Cancer Risks.....	691
